## Response to the Consultation Exercise : Working Groups

1. Note 6.5 – 6 of the discussion on 4 September 2002 states :

6.5 At the next meeting a discussion would be needed on how ETC would wish to present its response to the consultation feed-back. This would include the actual arrangements to be made for Committee discussion of circulated papers. The response was not necessarily to be a detailed document, but did need to indicate strategic directions.

6.6 The Committee should set up a number of smaller groups on a topic basis to analyse the responses in addition to an additional full Committee meeting. These groups should be for :

- pre-registration education and training,
- CPD, and
- others as identified and needed.

The Secretary should invite expressions of interest following the meeting and move to convene the groups expeditiously.

2. Subsequent to the meeting the Chairman and Secretary have worked up the following proposals for consideration.

Working Groups identified on 4 September (with members allocated very uncritically on the basis of known pre-existing expertise or duties) on :-

### Pre-Registration Education and Training :

Paul Frowen  
John Harper  
Carol Lloyd  
Jeff Lucas  
Gill Pearson  
Eileen Thornton  
Anna van der Gaag

### CPD :
