

Education and Training Committee Panel

Programmes which have been subject to major change and for which an approval visit is recommended.

Programme name	BSc (Hons) Applied Biomedical Science
Education provider	University of Portsmouth
Mode of delivery	Full Time
Date of decision	Thursday 25 August 2011

Panel: John Donaghy (Chair) Jo-ann Carlyle
 Joy Tweed Diane Waller

Guidance for Panel Chairs

In deciding whether to agree that a visit is required, the Panel must reach its decision on the basis of the evidence put before it, in the form of the HPC Visitors' report and any observations on the report made by the education provider.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so. The Panel must reach its own decision and give reasons for that decision.

Decision
That the programme has been subject to major change and that an approval visit is required to determine how the programme continues to meet all of the standards of education and training.
Reasons
The panel agreed that a visit was required to review the issues raised in the major change visitors' report. Owing to the nature of issues highlighted by the visitors, the panel stated that a visit must be undertaken as soon as possible in order to ensure that the programme is compliant with the standards required for safe and effective practice. A visit should be scheduled along a two to three month notification period following guidance previously approved by the Education and Training Committee (2 December 2008).

Signed:  **, Panel Chair**
